Graduate School of Natural and Applied Sciences 2020-2021 Spring Semester Application Criteria

Department	Quotas				Foreign Nationals Quotas		
	MSc with Thesis	MSc without Thesis	PhD	PhD after Undergraduate	MSc with Thesis	MSc without Thesis	PhD
City and Regional Planning (English program)	20		10		5		2

	MSc (with thesis)	PhD	PhD after Undergraduate
ALES score and score type	≥55 (SAY-EA)	≥60 (SAY-EA)	
Foreign language exam score*	YDS≥75	YDS≥80	
Undergraduate grade point average	≥2,3		
MSc grade point average		≥3,0	
Reference Letter	no	no	
Letter of Intention	Required	Required	

* : Foreign language exams whose equivalence is accepted by KPDS/ÜDS/YDS/e-YDS/YÖKDİL or ÖSYM.

B : Minimum passing scores are not required provided that the candidates certify their scores (To be specified only in case of Department's preference)

Acceptable undergraduate degrees for the MSc Programs

To be graduated from the undergraduate programs listed below.

Scientific Preparation Program will be applied to graduates except for the Department of City and Regional Planning.

Administrative Sciences, Agricultural Economics, Agriculture Engineering, Archeology, Archeology And History of Art, Architecture, Art And Culture Management, Art And Design, Biosystem Engineering, Business Administration, Business Administration Engineering, Business Administration-Economics, Business Administration-Finance, Business Administration-Statistics, City And Regional Planning, Civil Engineering, Communication Arts, Communication Design, Communication Design And Management, Communication Design And Media, Communication Sciences, Computer And Software Engineering, Computer Engineering, Computer Sciences And Engineering, Conservation And Restoration of Artworks, Culture And Communication Sciences, Database Application, Development And Planning, Diplomacy And External Accounts, Earth Sciences, Econometrics, Economic Law, Economic Theory And Quantitative Methods, Economics, Economics And Administrative Sciences, Economics And Administrative Sciences Program, Economics And Finance, Economics And Statistics, Economics, Business Administration, Social Sciences, Economics-Business Administration, Economics-Management Sciences, Economy Politics And Society Philosophy, Electrical Engineering, Electric-Electronics Engineering, Electronics Engineering, Emergency Situation And Disaster Management, Energy, Energy And Material Engineering, Energy Management, Energy Systems, Engineering, Engineering And Natural Sciences Programs, Environmental Engineering, Environmental Science And Management, European Union Relations, European Union Studies, Finance And Economics, Finance-Statistics, Foreign Trade, Foreign Trade And Tourism, General Agricultural Information, Geodesy, Geodesy And Photogrammetry, Geodesy And Photogrammetry Engineering, Geography, Geology, Geology Engineering, Geomatics Engineering, Geophysics, Geophysics Engineering, Global And International Relations, Global Politics And International Relations, History of Architecture, History of Art, History of Science, History, Geography And Archeology, History-Geography, Human And Economic Geography, Human And Social Sciences, Hydrogeology Engineering, Industrial Design, Industrial Design Engineering, Industrial Engineering, Industrial Products Design, Industry And System Engineering, Industry Systems Engineering, Information Process Information, Information Systems And Technologies, Information Systems Engineering, Information Technologies, Infrastructure, Interior Architecture, Interior Architecture And Environmental Design, Interior Architecture And Industrial Design, International Economic Relations, International Economics, International Economics And Finance, International Entrepreneurship, International Finance And Banking, International Law, International Logistics, International Logistics And Transportation, International Logistics Management, International Relations, International Relations And European Union, International Retail Management, International Studies, Landscape Architecture, Landscape Architecture And Urban Design, Law, Local Governments, Logistics Management, Logistics, Management Information Systems, Management Science And Information Systems, Management Sciences, Marine Transportation Operating Engineering, Mechanical Engineering, Mining Engineering, Modern Monetary Economics, Philosophy, Policy And Administration, Political Science, Political Science And International Relations, Political Science And Public Administration, Political Sciences, Political Sciences-Statistics, Politics And Administration, Politics And Administrative Sciences, Production Systems Engineering Programs, Protection And Repair of Cultural Assets, Protection And Repair of Portable Cultural Assets, Public Administration, Public Administration, Public Business, Real Estate And Assets, Real Estate Assessment And Development, Real Estate Development And Management, Recreation, Recreation Management, Regional Planning, Remote Sensing And Geographical Information Science, Shore And Harbor Engineering, Social And Political Sciences, Social Anthropology, Social Anthropology Sciences, Sociology, Sociology-Social Study, Software Engineering, Statistics, Statistics And Computer Sciences, Statistics And Operations Research, Statistics-Econometrics And Planning, Statistics-Mathematics, Survey And Cadastral Engineering, Survey Engineering, Technology And Information Management, Transportation Engineering, Urban Design And Landscape Architecture, Urban Planning, Visual Arts, Visual Arts And Visual Communication Design, Visual Communication, Visual Communication Design, Wild Life Ecology And Management, Working Economy And Industrial Relations, World History

Acceptable MSc degrees for PhD Programs

To have a bachelor degree in City Planning and/or Regional Planning, and to be graduated from the graduate programs listed below

Anatolian Civilizations And Management Of Cultural Assets; Anthropology; Applied Operation Research; Archeology; Archeology And History Of Art; Architectural And Urban Informatics; Architectural Conservation; Architectural Conservation And Restoration; Architectural Design; Architectural Design Problems; Architectural Restoration; Architecture; Architecture And Built Environment; Architecture And Urban Studies; Architecture Structure; Architecture, Architecture In Computer Environment; Architecture, Building Research And Planning; Architecture, Structure Physics; Architecture, Survey And Restoration; Architectural Engineering; Basic Art And Design; Basin Management; Big Data Analysis; Business Administration; Caucasus Studies; City And Regional Planning; City And Regional Planning Engineering; City And Regional Planning, City Planning; City And Regional Planning, Landscape Planning; City Design; City Planning; Civil Engineering; Civil Engineering Transportation; Civil Engineering, Geotechnic; Civil Engineering, Hydraulic; Civil Engineering, Shore And Harbor Engineering; Climate Change; Climatology And Meteorology; Coastal Zones And Management; Computer Technologies And Information Sciences; Conservation And Management Of Cultural Asset; Conservation Of Cultural Asset; Conservation Renewal And Restoration; Construction Engineering; Culture Management; Cultural Asset Studies; Data Analytics; Data And Information Engineering; Design; Design Culture; Design Management; Design Studies; Design, Innovation, Society; Design, Technology And Society; Development Of Economics And Economy Growth; Disability Researches; Disability Studies; Disaster Management; Disaster Management Engineering; Documentation Of Cultural Assets; Earth Sciences; Earth System Sciences; Earthquake And Structure Engineering; Earthquake Engineering; Earthquake Engineering And Engineering Systemology; Earthquake Management; Earthquake Studies; Ecology; Econometrics; Economic And Social Demography; Economic Development; Economic Development And Growth; Economic Development And International Economics; Economic Law; Economic Politics; Economical Theory; Economical Theory And History Of Economics; Economics; Economics And Managerial Sciences; Economics, Politics And Technology; Economics-Management Economics; Economy And Management; Emergency Situation And Disaster Management; Energy And Environment Management; Energy And Environmental Sciences; Energy Efficient Structures; Energy Policies And Energy Law; Energy Resources And Management; Energy Systems; Engineering Geology; Entrepreneurship; Entrepreneurship And Innovation; Entrepreneurship And Innovation Management; Entrepreneurship And Innovation Management; Environment; Environment Management; Environmental And Technical Study Of Accidents; Environmental Sciences; Environmental Sciences And Engineering; Eurasia Studies; European Integration; European Union; European Union Relations; European Union Studies; Gender Studies; General Economics; Geodesy; Geodesy And Geographical Information Systems; Geodesy And Geographical Information Technologies; Geodesy And Geoinformation Engineering; Geodesy Photogrammetry Engineering; Geodesy Photogrammetry Engineering, Geomatics; Geodesy Photogrammetry Engineering, Remote Sensing; Geographical Information Sciences; Geographical Information Technologies; Geography; Geology Engineering; Geomatics; Geomatics Engineering; Geomorphology; Geophysics Engineering; Global And International Relations; Global And Regional Studies; Global Cities And İstanbul Researches; Global Relations And European Union; Globalisation And International Relations; Governance And Non-Governmental Organizations; History of Architecture; History of Architecture And Restoration; History of Architecture And Theory; History of Architecture, Its Theory And Debate; History of Economics; History of The Republic of Turkey; Housing And Earthquake; Housing Production And Construction Management; Human And Economic Geography; Human And Society Researches; Human And Society Sciences; Human Geography; Human Studies in Social Researches; Industrial Management And Information Systems; Industrial Policies And Technology Management; Industrial Relations And Human Resources; Informatics in Architecture; Information Sciences; Information Systems And Technology; Information Technologies; Information Technologies in Architectural Design; Information Technologies in Design; Innovation And Entrepreneurship; Innovation Economics And Growth; Integrate Water Management; Interior Architecture; Interior Architecture And Environmental Design; Interior Architecture Design International; International Competition And Commerce; International Economic Politics; International Economic Politics And Business Administration; International Economics; International Economics And Development; International Logistics; International Political Economy; International Relations; International Relations And European Union; International Relations And Globalisation; International Relations Public Administration; International Relations: Turkey, Europe And Middle East; International Tourism Management; İstanbul Researches; Landscape Architecture; Landscape Planning; Law; Local Government And Politics; Local Governments; Local Governments And Direct Management; Local Governments And Governance; Local Governments And Urban Planning; Local Governments And Urban Policies; Local Governments, Urban And Environmental Policies; Local Governments, Urban And Environmental Studies; Logistic Engineering; Logistics; Management Of Cultural Assets; Measurement And Evaluation; Measurement Information And Cadastral; Mechanical Engineering, Energy; Middle East Studies; Migration Studies; Migration Studies And Research; Modern Turkey Studies; Non Governmental Organizations; Numerical Design And Production Technologies in Architecture; Operations Research; Photogrammetry And Remote Sensing; Physical Geography; Political Economy; Political Science; Political Science And Public Administration; Politics Studies; Population Science; Probability Theory And Probability Processes; Product Life Cycle Management; Production And Supply Chain; Production Economy; Project Construction And Management; Project Management; Protection And Repair Of Cultural Assets; Protection And Repair Of Movable Cultural Assets; Protection Of Cultural Assets; Public Administration; Public Administration And Urban Studies; Public Law; Public Local Administrative Administration; Public Policies; Public Policy And Business Administration; Real Estate Development; Real Estate Development And Evaluation; Real Estate Development, Urban Transformation And Marketing; Real Estate Development, Urban Transformation And Planning; Real Estate Management; Real Estate Management And Finance; Reducing Earthquake Risk; Regional Development Economics; Regional Geography; Regional Planning; Regional Relations, EU-Mediterranean Studies; Remote Sensing And Geographical Information Systems; Renewable Energy; Renewable Energy Systems; Restoration; Restoration History Environmental Assessment; Restoration Renewal-Conservation; Risk Management of Natural Disasters; Settlement Archeology; Smart Systems Engineering; Social Environmental Sciences; Social Projects Management And Organization; Social Research Methods; Social Structure And Industrial Relations of New Turkish Republics; Social Structure And Social Change; Social Structure And Social Change Analysis; Socio-Economic Development And Biotechnology; Sociology; Software Engineering; Soil Mechanics And Geotechnical Engineering; Statistical Information Sciences; Statistics; Statistics And Computer Sciences; Statistics in Social Researches; Strategic Researches; Strategy Science; Structure; Structure Earthquake Engineering; Structure Engineering; Structure Sciences; Structures With Earthquake Risk And Urban Transformation; Survey Engineering; Survey-Restoration; Sustainable Agriculture And Natural Resources; Sustainable Development And Quality Management; Sustainable Energy; Sustainable Environment And Energy Systems; Sustainable Human Development; Sustainable Tourism Management; System Analysis; System Engineering; Technical Demography; Technology And Industrial Economics; Technology Science And Society; The Republic of Turkey; Tourism; Tourism Design And Management; Traffic Planning And Application; Transportation; Transportation And Logistics Management; Transportation Engineering; Turkey European Union Relations; Turkey Geography; Turkey On Social Relations; Turkey Studies; Turkish World Social, Economic And Political Relations; Urban Conservation And Renewal; Urban Conservation Planning; Urban Design; Urban Forestry; Urban Management And Geographical Information System (Distance Education); Urban Planning; Urban Planning; Urban Policy Planning And Local Governments; Urban Renewal; Urban Sociology; Urban Space Organization And Design; Urban Studies; Urban Systems And Transportation Management; Urban Systems Engineering; Urban Transformation; Urban Transformation And Planning; Urban Vision, Urban And Architectural Design; Urbanisation And Environmental Problems; Urbanisation And Environmental Sciences; Urbanisation And Society Integration; Water Management; Wildlife Ecology And Management; Woman And Family Researches; Woman And Gender Studies; Woman Researches; Woman Studies; Woman Studies And Gender
