Graduate School of Natural and Applied Sciences 2023-2024 Fall Semester Application Criteria							
Quatas				Foreign Nationals Quatas			
M.Sc. with Thesis	M.Sc. without Thesis	Ph. D		M.Sc. with Thesis	M.Sc. without Thesis	Ph. D	
15	-	6		5	-	2	
	M.Sc. with Thesis		M.Sc. without Thesis		Ph. D		
ALES Score and Score Type	≥60	QUA		≥70	QUA		
Foreign Language Exam Score*	B*			≥ 55			
Undergraduate CGPA	≥ 2,2						
M.Sc. CGPA				≥ 3,0			
Reference Letter	-			-			
Letter of Intention	-			-			
B* : Minimum passing scores are not required provided that candidates certify their scores. YDS/e-YDS/YÖKDİL or foreign language exams whose equivalence is accepted by ÖSYM							
Acceptable undergraduate degrees for the M.Sc. Programs							
Actuary; Actuarial Sciences; Actuarial and Risk Management; Civil Engineering; Computing Information; Computer Science; Computer Science and Engineering; Computer Education/Teaching; Computer engineering; Computer programming; Computer Systems Education/Teaching; Computer Technology and Information Systems; Computer and Information Systems; Computer and Informatics; Computer and Control Education/Teaching; Computer and Control Technology Education/Teaching; Computer and Instructional Techniques Education; Computer and Instructional Techniques Education/Teaching; Computer and Instructional Technologies Education; Computer and Instructional Technologies Education/Teaching; Computer and Software Engineering; Information Systems Engineering; Information Systems and Technologies; Econometrics; Economy; Finance; Economics and Finance; Economics and Statistics; Economics-Management Sciences Programs; Electrical engineering; Electrical electronics Engineering; Industrial Engineering; Industrial and Systems Engineering; Financial Econometrics; Financial Mathematics; Economy; Elementary Mathematics Education/Teaching; Statistics and Computer Science; Statistics and Operations Research; Statistics-Econometrics and Planning; Statistics-Mathematics; Business; Business-Economy; Business-Statistics; Business-Finance; Finance-Statistics; Maths; Mathematical Engineering; Mathematics and Computer Science; Mathematics and Computer Education/Teaching; Mathematics and Computer Programming; Mathematics-Computer; Insurance; Insurance and Actuarial; Insurance and Risk Management; Applied mathematics; Applied Mathematics and Computer; Management Information Systems Candidates who graduated from departments other than Statistics department are given a Scientific Preparation program							
Acceptable MSc degrees for Ph.D Programs							
Actuary; Actuarial Sciences; Actuarial and Risk Management; Banking and Insurance Management; Banking and Insurance; Banking and Applied Finance; Computer Science and Engineering; Computer Hardware; Computer Education and Technologies Teaching; Computer engineering; Computer and Informatics Engineering; Biostatistics; Biometrics; Big Data Analysis; Econometrics; Economy; Economics and Finance; Electrical engineering; Electrical electronics Engineering; Industrial Engineering; Industrial Engineering Mathematics Management; Industrial Engineering Engineering Management; Financial Econometrics; Financial Mathematics; Computational Sciences; Computational Sciences and Actuarial; Computational Sciences and Engineering; Statistics; Statistics Theory; Statistics and Computer Science; Statistical Information Systems; Business Analytics; Cryptography; Maths; Mathematical Engineering; Mathematics and Computer Science; Mathematics-Computer; Money and Capital Markets; Project management; Numerical methods; Insurance and Risk Management; Applied Statistics; Applied mathematics; Applied Mathematics and Computer; Applied Operations Research; Operations Research; Software Engineering; Software and Computer Engineering; Zootechnics Candidates who graduated from departments other than Statistics department are given a Scientific Preparation program
